

To the West Side Presbyterian Church Congregation

At the annual congregation meeting on May 21, 2004 the Property Vision Committee presented our recommendations for church renovations and the use of the south property. A summary of that presentation and proposal is attached. **You are invited to a followup discussion in Howell Auditorium on June 2, at 7:30 pm.**

The committee will present a short review of our recommendations and then be available to answer questions. The drawing of the proposed changes will be posted for everyone to review.

If we proceed this will be a major financial commitment of up to \$1,000,000 by the congregation. Therefore we want to give everyone an opportunity to respond. Our goal is to obtain an informed response from the congregation about our proposal. A response form is attached. After reviewing the proposal **please return your response form to the church office by Sunday June 20, 2004.** A box will be placed at the information center.
